

Chaos Theory

by GHOST ft. Chika

Uploaded at Youtube on 22 December, 2014

My, my, what do we have here?
Something broken, it appears
And the b-beat of the drums
Sends shock waves through my ears

First it turns off then it turns back on
Then it turns right and it turns around
It collides and then it peels apart
Turn the noise up and you bring it back down

Now, it's a complicated situation
Right now, I'm unstable in my computation

Unpredictable, all over the place
Static blending into one big sound
Data tells me that I'm just a huge mess
Turn the noise up and you bring it back down

B-b-b-breaking pa-pa-pattern
I-I-I-I see butterfly wings
I-I-I-I see
I-I-I-I see

"Hey, tell me what this is"
It's just the way I seem
Y'know I don't malfunction
I'm just c-c-chaotic

I'm just c-c-chaotic

"Hey, tell me what this is"
It's just the way it works
Y'know I'm not corrupted
I'm just c-c-chaotic

I'm just c-c-chaotic

It doesn't matter
Where the points line up
They'll blend together eventually
And form an understandable picture

I'm breaking the pa-pa-pattern
B-b-b-breaking pa-pa-pattern
I-I-I-I see butterfly wings
I-I-I-I see
I-I-I-I see (x4)

"Hey tell me what this is"
It's just the way I seem
Y'know I don't malfunction

I'm just c-c-chaotic

"Hey, tell me what this is"
It's just the way it works
Y'know I'm not corrupted
I'm just c-c-chaotic

I'm just c-c-chaotic

"Hey tell me what this is"
It's just the way I seem
Y'know I don't malfunction
I'm just c-c-chaotic

"Hey, spread your pretty wings"
The system's just begun
It spirals out of control
I'm just c-c-chaotic

One
Two
One
2 7 0 14 18

"Hey, tell me one more thing"
I'm out of answers
There's logic in my madness
That mixes topologically

I'm just c-c-chaotic

"Hey, tell me what this means"
It's just the way it works
The pattern's been disrupted
And yes, it makes perfect sense

I'm just c-c-chaotic
